

## Mitsubishi Belting Group Procurement Policy

Staying true to its Corporate Philosophy of “To give attentive consideration to both humanity and nature,” the Mitsubishi Belting Group will engage in fair and impartial procurement activities and strive to establish mutually reliable partnerships with our business partners.

### **1. Fair and impartial business transactions**

We provide fair and impartial business opportunities to business partners who wish to do business with us. When selecting business partners, we comprehensively consider quality, technical capabilities, delivery dates, prices, stability of supply, and other factors.

### **2. Building partnerships**

We aim to build mutually reliable partnerships through fair and impartial business transactions so as to achieve mutual growth.

### **3. Compliance and confidentiality**

When conducting procurement activities, we comply with related laws and social norms, and we do not disclose confidential information about our business partners obtained through procurement transactions to third parties without the consent of our business partners.

### **4. Promoting CSR procurement**

We comply with laws and social norms, and promote procurement that fulfills our social responsibilities while taking into consideration respect for human rights, health and safety, information security, and timely and appropriate disclosure of information regarding such details.

### **5. Promotion of green procurement**

To preserve the global environment and realize a sustainable society, we will work with our business partners to engage in procurement activities that aims to reduce environmental impact.
